About Me

Programming Language:	Java · Python · C# · C++
Framework:	Spring Boot · FastAPI
Database:	MySQL · PostgreSQL
Language:	English: Native · Russia: Basic Conversation

Experience

Graphic designer - Living Proof Press Ltd.   **2019 - 2021**

- Collaborate with clients to conceptualize and execute brand identity designs
- Utilize industry-standard design software and techniques to produce high-quality visuals
- Provide personalized design consultations to guide clients through the creative process
- Utilize industry-standard design software and techniques to produce high-quality visuals

Adobe Photoshop, Corel Draw.

Personal Projects

Customer Relation Management (CRM) Application

- A full-stack application that facilitates the management of customer records within a company   **March 2024**
- The application allows users to perform CRUD (Create, Read, Update, Delete) operations seamlessly
- To ensure security, To ensure security, access to the application is restricted to authorized users who are logged in
- Users can easily search through customer's record using the search bar
- Implemented the front-end using Vaadin, a Java framework that simplifies front-end development by enabling developers to write frontend code using plain Java

Technology Used: Java, Springboot, Spring Security, Vaadin

Kitchen Timer Application   Github Link   **May 2024 - Till date**

This Arduino Kitchen Timer lets you set a countdown using a 4x4 keypad and displays the time on a 16x2 LCD screen. When the timer reaches zero, a buzzer sounds continuously until any key is pressed, making it a useful tool for kitchen tasks and other timed activities.

- Set the timer using a 4x4 keypad.
- 16x2 LCD screen shows the countdown timer.
- Buzzer sounds continuously when the time is up.
- Press any key to stop the buzzer and reset the timer.

Spring Boot REST API Blog Application   Github Link   **October 2023**

- As a User, you can read and comment on post
- As an Admin you can make CRUD operations on posts (Create, Read, Update, Delete)
- Posts can be sorted by Title or Author
- Users can sign up/login using a username or email

Technology Used: Spring Boot, Spring Security 6, JWT, Spring Data JPA, Hibernate, MySQL,

Education

Vistula University   **Feb 2024 - Till date**

Bachelor of Computer Engineering

Relevant Coursework: Algorithm & Complexity, Software Engineering, Design Patterns, Embedded Systems

Yanka Kupala State Univerity   **Sep 2021 - July 2023**

Bachelor of Information Technology Software

Certificate

Building Real-Time REST APIs with Spring Boot - Udemy   **June 2024**
